DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claim 14 is rejected under 35 U.S.C. 102(a) as being anticipated by Su (6,457,793).

Su teaches an ink tank comprising:

- an ink chamber, formed with a vent port allowing atmospheric air to enter and an ink outlet from which ink is taken out (figure 4, interior of tank 51 is an ink chamber, air vent 69, and ink port 67)
- an optical member having an ink contact face capable of contacting with ink in the ink chamber, the ink contact face including a detection face at which a remaining amount of ink in the ink chamber is optically detected in accordance with an amount of air entering into the ink chamber via the vent port (figure 4, optical detector 50; figure 7 further explains how detector 50 operates, column 5, lines 25-30) and an ink absorbing member disposed so as to come in contact with a part of the ink contact face of the optical member (figure 6).

Allowable Subject Matter

Claims 1-13 are allowed.

Response to Arguments

Applicant's arguments with respect to claim 14 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
